 WET FOREST	

How are local schools using the woodland to teach students as the next generation of scientists?

- **Inquiry**
- **Data collection**
- **Attention to detail**
- **How to use equipment**
- **Meeting local scientist**
- **Meeting local citizen scientists**
- **Connection between science and art-poster**

- **Data analysis—DO NOT DO AS WELL**
- **Does the data tell a story over time-DO NOT DO AS WELL**
